4' x 12' x 1' The garden takes 25 bags of soil
and 12 bags of mulch

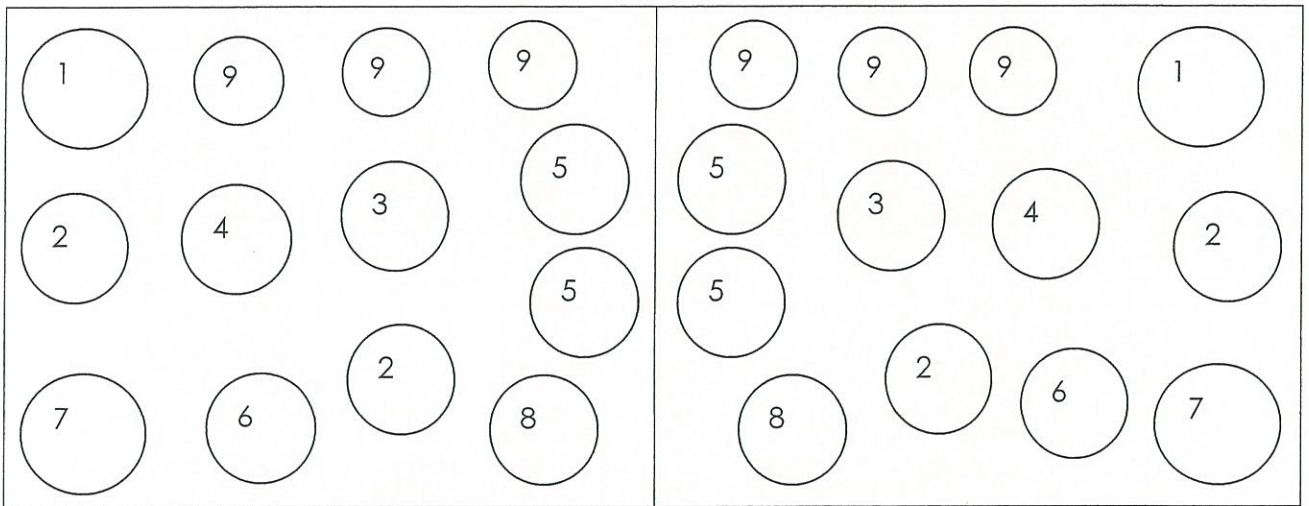

This prototype Butterfly Garden was developed by the Master Gardeners for Outside for a Better Inside.
Do not use pesticides on or near your garden.

Outside for a Better Inside has helped build this prototype garden in many Elementary Schools and Preschools in our community. Children constructed, planted, and are responsible for the care of the gardens, in their efforts to reconnect children and nature.
